Procurement and Vendor Management Policy

Document ID: PROC-VM-011 | Owner: Procurement | Version: 2.5 | Effective: 2026-07-26

All goods and services must be sourced through approved procurement controls.

Requirements:

- Competitive quotes are required above defined thresholds
- Vendors must pass legal, security, privacy, and finance review
- Contracts must define scope, confidentiality, and termination rights
- Third-party access must be reviewed before production connectivity
- Conflicts of interest must be disclosed before selection

Vendor performance is reviewed at least annually for critical suppliers.
